## Customer Reviews

My toddler son loves this book - it is his favourite. I'm not sure why has it's reading level labelled as being 9 - 12 years, as it is truly a 'reading to' picture book that the children follow along. In New Zealand the English version of this book is highly recommended for parents of 1 year olds and over. I really like how the book uses similes ('I'm quick as a cricket') to describe each characteristic a child may have. The pictures really fit each description well, clearly showing the emotion on the child's face in almost every case.

My Spanish speaking children loved that they had access to the same book that we had in English. I use this book to teach children similes. My children were delighted! The illustrations are beautiful. It is simple and straight forward and easy to learn similes from. Veloz como el grillo

My 1.5 year old loves this book, I love it too because it's simple to read, great illustrations, not too

many words perfect for her age since she keeps on turning the page too fast.

The book is excellent for teaching similes in Spanish. The illustrations are excellent. My 4 year-old son loves how the boy is shown in each illustration, acting as the animals.
