Royal Heritage: The Story Of Jordan's Arab Horses

Synopsis

Co-authored by HRH Princess Alia, the eldest daughter of the late King Hussein of Jordan, and the artist and author Peter Upton, Royal Heritage tells the story of the Arab horse in Jordan, from the early days of the Bedouin tribes to the 21st century, a story closely associated with the Hashemite family of Jordan, direct descendants of the Prophet. The account also tells of the Arab Revolt of 1916, in which the Emirs Ali, Abdullah, Feisal and Zeid, with T E Lawrence, drove the Ottomans out of the region, and how some of the Hashemite mares became the foundation stock of the Royal Stud in Jordan. Royal Heritage covers many other adventures including the traumatic events which nearly led to the loss of the Stud's precious mares and describes how, despite these setbacks, the Royal Stud has flourished. In 1987 Princess Alia, Director of the Royal Stud, organised the first Arab horse show to be held in Arabia entitled "The Arab Horse at Home." It was an event which inspired other Arab countries to organise horse shows of their own. Princess Alia includes many fascinating personal reminiscences: about the horses she holds so dear, the people involved in the Stud through the years, the famous and infamous, family and friends, heads of state and handlers. The work is richly illustrated with paintings, drawings and rare photographs from old archives and private collections, as well as up-to-date portraits of the Stud and its horses. Peter Upton gives an in-depth account of the horses themselves; the breeding, lineage and preservation of the hugely important Jordanian bloodlines. A story of legend, romance and war, Royal Heritage tells with passion for the first time the remarkable saga of the Arab horse in Jordan.

Customer Reviews

A wonderful book about the Arabian horses of the Hashemite royal family of Jordan! Very nicely bound. Great pictures! A well told story of the Hashemite family and their history and association with the Arabian horse. Lightly touches on the family association with "Lawrence of Arabia." This book belongs in the library of every serious Arabian horse enthusiast. Lots of info. that is usually very hard to find.
