## Customer Reviews

I bought this for my friend's daughter (9 years old) who goes to a bilingual school (half of the day is taught in Spanish and half in English). She was so excited to get a Dr. Seuss book in Spanish! It was a much bigger hit than I expected it to be. The book quality was good as well.

not as good as green eggs and ham in spanishbut okmy son will stay still and listen to it but he's not blown away

I love the translator. She does a great job with rhymes that could be lost very easily. My son has been memorizing it because it is musical.

Love it, Recommend to buy it in hardcover for long lasting. My son really love reading this book. Pictures are great and is really funny

The book came on time and in perfect conditions. I bought it as a gift for my niece... I'm sure she will like it :)
