Customer Reviews

This is a MUST for me and I HIGHLY recommend this version! It's just the right size to take with you and have for reference when you are in question about what IS in the US Constitution and to know if what people say about it is true. We have individuals in politics and religion pulling the wool over our eyes because there is HIGH percentage of AMERICANS who DON'T KNOW what is in these EXTREMELY IMPORTANT documents! KNOW WHAT YOUR COUNTRY IS FOUNDED ON AND STAND UP FOR IT! IF YOU ARE THINKING ABOUT IT, GET IT NOW! A MUST HAVE TOOL TO SET THE RECORD STRAIGHT!!!

I think that every student in the US should be required to have a copy of this book, read it, understand it and then act upon it. I thought that I had a pretty good understanding of these documents. I was wrong. Having this in the format of a book makes it far easier to read it and think about what it actually means. It is only when we know the real basis on which this country was based, that we can truly appreciate our founding fathers and what they really intended. I suggest that you buy this book AND a copy of The Master Thoughts of Thomas Jefferson. There is all too much hype in the media about what our country was based upon such as the idea being currently

drummed into us that this was a country founded on a Christian belief structure. It was not and we would be wise to get back to our basics. Read them both together and ponder how the founding fathers really might have been thinking. It will inspire you.

This should be in every home. Since they don't teach it in school anymore, our children need to know this. Hopefully, it's still our future.
