The Scruffy Drunk: The Wife In Space Volume 2

Synopsis

In 2011, a fanboy convinced his not-we wife to watch every episode of Doctor Who with him (even the ones that didn't exist any more). The result was a moderately successful blog called 'Adventures with the Wife in Space'. This volume collects the second phase of that blog and covers the second Doctor, as played by Patrick Troughton. It's also packed with extras, including an exclusive blog (The Underwater Menace Redux), a new interview with Sue, episode annotations, exclusive illustrations, a video transcript and a foreword by Toby Hadoke. This book covers The Power of the Daleks to The War Games (and one very silly fan film).

Customer Reviews

The next entry in the ongoing adventure. Sue really seems to warm up to this Doctor, although her frustration with having to slog through so many recons hides a fever point. Quite enjoyable, and I can't wait for the next volume.

This series of books is awesome - but you have to had seen the corresponding episodes of Doctor

Who, to get all the references.
