Customer Reviews

I have always loved the Nutcracker Suite and being able to see the sample pages in this book really sold me on it. It is challenging for my daughters that have been playing piano for about 1 1/2 yrs but not too difficult. It also sounds rich and full even though it is not too difficult. I have enjoyed playing all the songs as well and practicing to get it fast enough. I would highly recommend this piano book for everyone but the very beginners.

I’m very happy with this product! It’s perfect for beginners and I will recommend it to my students because it’s fantastic to teach music to beginner students that is actually beautiful music!

fine

I was looking for simple arrangements I could play on my violin. However, many of the arrangements were in bass cleff and more appropriate for cello. I made a gift of it to my violin

instructor, who also is the music teacher/orchestra leader for the county elementary school music program. Hopefully, it will be perfect for the kids...
